Books & Video

From Wags to Riches

From Wags to Riches: How Dogs Teach Us to Succeed in Business & Life explores the human-animal bond, its benefits and detriments. Author Robert Vetere, president of

the American Pet Products Association, worked with Purdue University researchers to investigate how owning a dog can influence personal effectiveness and ability to lead.

Dog InSight

Written by Dr. Pamela Reid, *Dog InSight* includes more than 40 essays about a range of dog training topics. Readers will learn why early enrichment is crucial for puppies, and why

dogs are adept at reading body language but not other tasks, and more. Reid also challenges readers to re-examine widely held beliefs about dogs, with scientific information to provide additional insight.

Lipstick and the Leash

Lipstick and the Leash: Dog Training a Woman's Way is a training guide specifically for female dog-care providers. Author Camilla Gray-Nelson teaches women how to feel

more powerful and reveal their hidden strengths. She explains how women can get what they want from their dogs and apply the same skills to other areas in life.

FleaTV

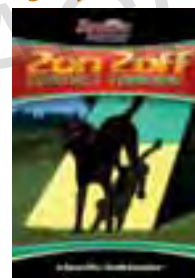

FleaTV is a "video dog toy" that entertains canines with a dog's-eye view of the world, attention-getting sounds and affirming human voices. Footage includes

dogs in parks and nature preserves, as well as video from a camera strapped to the back of a Jack Russell terrier named Blade. The DVD also features demonstrations about how to pamper dogs with homemade treats and massages.
